

PRESIDENT'S MESSAGE

As the vibrant colors of the fall season signal seasonal change, The Birmingham (AL) Chapter of the Links, Incorporated is reflecting on the service we have rendered so far. Our involvement in the 60th Anniversary of the bombing of the 16th Street Baptist Church stands out as a significant achievement. By contributing to the strengthening of international relations and promoting racial tolerance, we have been able to participate in positive social change.

Additionally, we had the extraordinary opportunity to support and introduce young people from Wales to students and the executive staff at Miles College. Being a part of Welsh history by hosting the first Black Minister for Economy, Vaughan Gething, was a momentous occasion. Our International Trends and Services (ITS) facet planned this activity, chaired by Martha Emmett Sims and supported by member Shia Hendricks, who serves on the Sister Cities Board. With full chapter support and available resources, success was inevitable. (Continued on Page 2)

PRESIDENT'S MESSAGE (Continued from page 1)

Now our focus is to complete the documentary capturing this great work, ensuring that it is preserved for future generations.

Our dedicated facets are currently planning various outreach programs to engage our communities. We aim to expose youth to the arts and to encourage healthy living through activities that introduce them to healthier foods, meditation, and yoga. We will engage our local students in the exploration of opera by attending a local performance and hearing their reactions to the evening's cultural experience. Further, we have plans to visit Ghana to continue our support for education in depressed areas in the town of Apaaso where we have funded library resources.

The work never stops, and we are grateful for the ongoing support we receive. Stay tuned for our annual fundraiser in April. We hope to see you there.
